

ATEC...What's that ?

ATEC is a legally recognized student's association, which joins the catalysis students from chemistry laboratories all over Lyon:

- ◆ Institut de Recherches sur la Catalyse et l'Environnement de Lyon (IRCELYON)
- ◆ Laboratoire de Chimie des Procédés de Polymérisation (LCPP)
- ◆ Laboratoire de Chimie d'Organo-Métalliques de Surface (LCOMS)
- ◆ Laboratoire de Catalyse et Synthèse Organique (CASO)
- ◆ Laboratoire de Génie des Procédés Catalytiques (LGPC)

What does ATEC do ?

ATEC proposes to all the students, trainees and permanents, a list of activities divided into:

- ◆ Social events in order to promote the integration of the students and the cohesion of the research groups
 - Welcome of newcomers,
 - Sport competition,
 - A year's end party (the famous GALATEC)
- ◆ Professional events
 - Factory and R&D centres visits
 - Presentations for undergraduate students
 - ATEC meetings (presentation of the laboratories' activities)

It's your financial support which allows us to realize all these projects!
